

Retro Skeet RS500

Western traps have long been recognized for their quality, durability and excellent target presentation. They are built to last. This machine does not oscillate. Loads 108mm or 110mm targets. Uses a direct drive gear timed off the rotation of the throwing arm. Perfect for skeet, 5-stand or sporting clays. Compatible with the vertical oscillating base VB30 for modern skeet. Shop online or call to order yours today!
